

Holocaust, why?

Written by Azad Karimi

When God the creator separated the particle of creation from His essence and with the power of His creative mind made this particle susceptible and fertile for creation, did He know that one day one of His creations called man could become a symbol of cruelty and thoughtlessness and act exactly against the feelings and thinking of His creator?

Yes!

The aim of God the creator was to show that human must be bound by his will and accept that he is responsible for his actions. Therefore, both materialists and idealists have only caused the continuation of injustice in the world by proposing the theories of " The randomness of creation" and "Determinism".

So, human, strive for justice, because it is you who must choose the right path. Don't be arrogant, don't lie, don't be jealous, calm down and avoid internal tensions. Be kind and don't cause chaos in society. Be patient and listen to the end of the other person's words, then think a little and then answer. Do not address others as much as you can. Make God your model, because he sees everything with his feelings and judges with his reason.

Keeping traditions is interesting but not everything. Don't accept anything new without thinking, ofcourse without disrespecting it. Avoid corruption.

Do not conspire. Exposing it will have very bad effects. Lord Ezrael(Izad Enlil) has personally come to earth to check the thieves, so the thieves are in danger. Do not justify your theft.

Anti-Semitism is a manifestation of corruption because it has made the planet prone to the most heinous lies and malicious and criminal acts.

Anti-Semitism makes criminals justify their crimes. Whether it is an individual crime or a group crime, it is a crime against humanity and targets human dignity, that is, human kindness, mercy and logic. Human dignity is exactly what is directly related to the will and essence of God the Creator that is God's pride and honor.

God the Creator will punish anyone who dares to disrespect his pride and honor with his hand. Anti-Semitism is an insult to the pride and honor of God, So He personally condemns this anti-God idea and punishes the culprit.

You should draw an analogy from this ruling that is the common law of God the Creator to condemn anti-Kurdism, anti-Armenianism, and apartheid based on skin color, religion, belief, and other manifestations of apartheid.
