

Oh God!

Written by Azad Karimi

So, it is proven to the whole world that the bombing of Erbil in Kurdistan-Iraq under the pretext of the presence of Mossad offices in this federal region was a political slander and a blow to the Kurds and the killing of Kurdish entrepreneur and multi-billionaire Peshrow Dzayi and his 11-month-old daughter Jina under the pretext of selling oil to Israel was a war crime of the terrorist regime of Iran against the citizens of another country.

Therefore, the attack on Pakistan and Pakistan's counter-attack on Iran was just an evil scenario by the Iranian regime to genocide some innocent Baluch children.

So when I say that this crazy terrorist regime with its leader, the murderous and anti-Christ, Imam Zaman, is killing people on purpose it is a real fact. It was interesting that Iranian terrorist diplomats still insist that they have the right to ruin other people's lives on speculation. But this time, according to the American official, the US informed that a terrorist group wants to carry out terrorist operations "inside Iran". ISIS Khorasan also immediately said that it accepts the responsibility for this attack. So what was the reason for these senseless killings in Erbil and Pakistan?

When I say that this regime is dangerous and has really endangered the security of the world, it is not an exaggeration, it is not a blind enmity, but a call from the awakened conscience, experience and active wisdom.

When I say that this regime will kill us with an atomic bomb, it will kill my people before any other nation in the world, it is not Kurdish racism and hatred of Iran, Islam and Shiaism.

A backward, miserable and mentally poor person can accept that the Kurds, who have no one but God, can be a danger to the scorpions and poisonous snakes of the Iranian regime! How do the Kurds threaten the mullahs: with which weapon? Bow and arrow, kitchen knife or cyber war?

wake up! Do not become a partner in the crimes of the Iranian regime. Your own countries will suffer the karma of your actions. Destroying Kurds today, Jews tomorrow, Europe in two days and Canada and the United States in four days later. As the mullahs have promised, they want to turn the White House into a Hosseinia.

Do not cover up! These actions will eventually lead to a big explosion and destroy the world.
