A few months ago, I announced on Facebook that Ali Khamenei is the Antichrist. His Excellency Pope Francis indirectly announced, without wanting to disrespect me, that it is not yet time for the Antichrist to appear. But with the satanic words of Ali Khamenei, which he announced recently, God was speaking from his mouth, surely it is an example of disbelief and polytheism.

Behind the words of this evil and madness man, although this is the example of blasphemy and polytheism for the religious and God-worshippers, but he wants to say that every crime he commits is from his divine side and he has no authority of his own as a human being.

Of course, he has an illusion of no return. But I swear to God, I saw his soul a few months ago standing half-naked in the middle of a sandstorm. His soul was in the form of a old ugly women. He was in the depths of misery. My soul wanted leave my body out of fear.

To be honest, I am very happy that the political and religious leaders of Muslim communities behave in this pathetic way. On the one hand, they connect the Prophet of Islam to God through the intermediary of the angel Gabriel, but on the other hand, they allow themselves to tell blasphemous lies and even say that God has dissolved in them. Moses, with all his greatness and holiness, was a human being who spoke to God the Creator. He never claimed that God was in him.

Jesus always talks about the kingdom of God and the position of pious people. Therefore, he separates the essence of the Creator from humans. He attributes his miraculous powers to the Holy Spirit. Even his apostles prophesy through the Holy Spirit on the day of Pentecost. They didn't say that God settled in them. But Ali Khamenei says that God spoke through his mouth.

I ask God to change this situation faster. Truly, tolerating life with this quality is like hell
