If I understand correctly, this Pinterest page belongs to the modernist Kurdish artist Lara Dzayi. Anyway, I'm posting this here so that my artist friends around the world who are busy designing and designing clothes will get to know this artist's works.

I need to add that Mrs. Lara Dzayi is the daughter of the famous Kurdish avant-garde singer and composer, Homar Dzayi. They are originally from the famous land-lords of Kurdistan-Iraq and have been leaders in the field of economy, politics and culture of Kurdistan.
